TO INCORPORATE FIFTH CLASS CITY

Citizens of Tyler Are Considering Advisability

Progressive Suburb of Paducah Has the Requisite Number of Inhabitants.

COMBINE SCHOOL DISTRICTS.

Tyler, Ky., probably will be incorporated as a city of the fifth class. Several aggressive citizens of that town are setting on foot a movement to have the town incorporated. It requires only a thousand persons to incorporate as a city of the fifth class, and Tyler and the district it is proposed to incorporate have 1,599 or 2,000.

Many distinct local advantages are expected to accrue from incorporating the town. It probably will be only a few years till Paducah will want to include Tyler in its city limits, but in the meantime, purely local needs could be greatly advanced through incorporation.

A city of the fifth class must have a mayor, a council of six members, a police judge, treasurer, city attorney, clerk, marshal, assessor and such other officers as the council may add. The mayor, council and police judge would be elected and the council would appoint all other officers.

As an incorporated city, railroads, street railways and public utilities would have to secure franchises just as in Paducah they must secure them. The citizens of that town, noticing that the suburbs of a city always are least improved and necessarily get a small part of public improvements, believe that Tyler could do much more for itself as a separate city, than if it should wait until Paducah saw fit to take it in. They would get better police protection, could dictate to corporations seeking franchises, their own terms and not the terms which, as a part of this city, in order to equalize the benefits and burdens, might not give them all they desire.

The steps to be taken to do that are to present a petition with the signatures of two-thirds of the voters of the district which proposes to incorporate, to the circuit court. The circuit court will then fix the name of the city, define its boundaries and have the census taken. At the next session of the state legislature a charter can be secured.

This afternoon the trustees of school districts Nos. 4 and 27 which adjoin in the heart of Tyler, will meet with County Superintendent S. J. Billington. The object of the meeting is to consider the advisability of merging the two districts and organizing a graded school system. At present each school district has three trustees and if these two unite to form a graded school system, there will be five trustees. They will have the common grammar grades of the city public school system and whatever additional grades they desired to add. They could levy a tax to support the system.

In one of the districts mentioned, there are nearly 200 pupils. The county school year lasts for six months and the new graded school system could be made much better. Tyler has been a separate post-office many years and the progressive spirit which always has distinguished the town, probably will go so far as to have it incorporated.

CHURCH JUBILEE DRAWS CROWD Thousands at Celebration of Upper Iowa Methodist Event.

Maquoketa, Iowa, Oct. 8.—The golden jubilee of the Upper Iowa Methodist Episcopal conference was celebrated here today by the attendance of nearly 1,000 ministers, delegates and lay members. Fifty years ago today the conference was organized in this city. Of the hundred original members of this conference but three are living. Drs. Rankin, Fellows and Skinner. A reception at the armory given in their honor was attended by nearly 5,000 people.

Bryan's Itinerary.

Lincoln, Oct. 8.—William Jennings Bryan, who completed his tour of Nebraska, has gone to Kansas. The present week he will make speeches in Kansas and Missouri. Next week he will visit southern Illinois, Wisconsin, South Dakota and Colorado.

BOY MISTAKES MAN FOR BEAR.

Shoots and Kills Him on Outskirts of Chisholm, Minn.

Duluth, Oct. 8.—Fred LeDoux, a 15-year-old lad of Chisholm, this morning shot and killed a drill man named Charles Sundquist in the outskirts of that village, mistaking him for a bear. LeDoux was accompanied by Albert Heardman, and when the man screamed in agony the boys became frightened and ran to their homes. Both are now in custody.

CZAR'S BROTHER

Grand Duke Michael Will Wed Princess Patricia.

St. Petersburg, Oct. 8.—A marriage has been arranged between the Grand Duke Michael, only brother of Emperor Nicholas, and Princess Patricia, of Connaught, niece of King Edward. The betrothal occurred during the grand duke's recent trip to Copenhagen and Scotland, from which he has just returned.

GRISCOM

WILL GO TO RUSSIA ACCORDING TO RUMOR.

Senator Platt, It Is Reported, Will Retire From Upper House Before Long.

Washington, Oct. 8.—Lloyd C. Griscom, ambassador of the United States to Brazil, has been selected for ambassador to Russia. Mr. Griscom was minister to Japan during the war between Russia and Japan and did such excellent work that he was promoted to Brazil when the post at Rio Janeiro was raised to an embassy.

Platt May Retire.

Washington, Oct. 8.—It is reported here on authority very close to Senator Thomas C. Platt of New York, that he will shortly tender his resignation as United States senator to the governor of New York. The venerable statesman has decided to take this course, it is said, on account of his failing health. For more than a year he has been unable to walk without assistance, and the recent disclosures of his unhappy domestic relations and the consequent mental anguish, have increased his weakness and brought him to a serious physical condition, which is alarming to his friends.

Senator Platt is 75 years old and is now serving his second term in the senate.

WHAT'S IN NAME?

TAMMANY AND INDEPENDENCE LEAGUE TO FUSE.

Get Together in New York County and Prepare to Indorse Each Other's Candidates.

New York, Oct. 8.—The Independence League and Tammany Hall probably will adjust their differences in New York county, and agree on a split ticket. After a long conference the executive committee of the league issued a statement announcing the league would not put a full ticket in the field, but would indorse candidates whose records were above reproach. This means Tammany assemblymen will be indorsed in about 17 districts.

AT METROPOLIS.

Kentucky Wedding Sunday and Speech Friday Night.

W. H. Thomas, 21 years old, and Miss Winifred Gossman, 18 years old, both of Sacramento, Ky., on Green river, went to Metropolis by train Sunday and were married by Squire Liggett. They returned this morning on the Cowling.

Congressman Rodesburg, of the East St. Louis district, will speak in Metropolis Friday night.

It is the daily average circulation of a newspaper that the shrewd advertiser investigates. "High Water" days don't count. The Sun's daily average last month was 3939.

WOODMEN UNVEIL FOUR MONUMENTS

Thousands Witness The Impressive Ceremonies.

Many Visitors Attend From Surrounding Cities and March Behind Band.

AN UNVEILING AT MT. KENTON

The Woodmen of the World unveiling ceremonies at Oak Grove cemetery yesterday afternoon were impressive and attended by fully 2,500 people, including several dozen visiting lodges. The speaker of the day was D. A. Cross. A band was present and the complete program consumed two hours.

At 1:30 o'clock the members of Jersey and Olive camps and the ladies of the Evergreen Grove started from Jersey camp hall at Elizabeth and Third streets. A band headed the procession and the cemetery was reached shortly before 3 o'clock. The ceremonies began at 3 o'clock. Monuments unveiled were over the graves of William Pryor and Will Sulver, of Jersey camp; James Sherer, of Olive camp, and Mrs. Alice McKewin, of Evergreen Grove. D. A. Cross was the only speaker.

Visiting lodges were from the uniform ranks of the Cairo, Woodville, Hinkleville, Mayfield, Gilbertsville, Sunnyslope and Grahamville camps.

Tomorrow night the committee on arrangements will meet at Jersey camp hall to arrange for unveiling monuments over the graves of Louis Bodenheimer and Charles Warren at Mt. Kenton cemetery on the Lovelaceville road. It is probable the date will be set the second Sunday in November.

LITTLE DAMAGE

DONE TO CUBA BY MARCH OF INSURRECTIONISTS.

Troops Are Starting on Transport From Newport News—Believes in Annexation.

Havana, Oct. 8.—Comparatively little damage was wrought in Cuba by the revolution recently checked. There is none of the devastation as usually marks insurrections to be seen in the country through which the insurgent forces operated. Already steps are being taken to make up for time lost by planters as a result of war. Farmers have returned to their homes and are hard at work plowing. Everywhere people are returning to the customary labors.

Favors Annexation.

Washington, Oct. 8.—Senator Hopkins, of Illinois, a member of the senate committee on Cuban relations, believes annexation is the only permanent solution of Cuba's troubles. He has been here consulting with the president. He declares annexation ultimately is inevitable.

Transports Are Leaving.

Norfolk, Oct. 8.—The United States transport Niagara, carrying troops to Cuba passed out of Virginia today. The Panama, carrying the first troops mobilized at Newport News passed out last evening. Three other transports arrived today. Troops are being hurried away as fast as possible.

TOADSTOOLS POISON A FAMILY

Little Girl Dead and Brother and Mother in Dying Condition.

Anderson, Ind., Oct. 8.—Myrtle Earle, seven years old, is dead and her 11-year-old brother and mother, Mrs. Robert Earle, are thought to be dying tonight as the result of eating toadstools that were mistaken for mushrooms.

Not Disarmed.

Havana, Oct. 8.—The disbandment of rebels is nearly complete, but not so the disarmament. Reports from the interior indicate disturbed conditions at various points. American officials say the retention of arms by rebels is not important. The main object is to get them home and establish peace.

RED HAT FOR FARLEY LATEST RUMOR FROM VATICAN, IT IS SAID.

Rome, Oct. 8.—Archbishop Farley, of New York, and Archbishop Regis, of Quebec, will be elevated to the rank of cardinal. This statement was made today by a person high in vatican circles. The elevation probably will be made in November.

SENATOR M'CREARY SPEAKS NEXT WEEK

Dates in Western Kentucky Are Announced.

McCracken County Is Organized Against Him and Beckham Will Carry It.

OPINION OF THE MAJORITY

The other side of the factional wrangle in the Democratic camp is to be heard in Paducah October 16, when Senator James B. McCreary will speak here. Word has been received by Chairman W. A. Berry, of the Democratic committee, and in the letter Senator McCreary stated that he will write to ex-Mayor James Lang.

Mr. Lang has heard nothing as yet.

Senator McCreary will speak here at night at the Kentucky theater, probably. The selection of a man to introduce him and other arrangements will be made later by his friends here.

Senator McCreary's announced dates are as follows:

Carrollton, Monday, October 8; Williamstown, Wednesday, October 10; Hopkinsville, Friday, October 12; Shelbyville, Saturday, October 13; Mayfield, Monday, October 15; Benton, Tuesday, October 16; Paducah, Tuesday, October 16, at night; Murray, Wednesday, October 17; Russellville, Friday, October 19; Bowling Green, Saturday, October 20.

The indications are that this county is organized against Senator McCreary and the administration Democrats, in spite of the fight the party organ has been waging against Governor Beckham, are confident that the governor and Hager will carry McCracken county at the state primary next month.

Royal Live Stock Show.

Kansas City, Oct. 8.—The eighth annual American Royal Live Stock show opened today. Breeders of all kinds of blooded stock are exhibiting. Nine horses from King Edward's stables are entered in the competition. The show continues all week.

BLACK WASTE

IS SAN FERNANDO VALLEY IN CALIFORNIA.

Ranches, Towns, Oil Property, Cattle and Farm Land Burned for Ten Square Miles.

Los Angeles, Oct. 8.—Ten square miles of brushland was burned over Sunday in San Fernando valley, destroying ranch houses, cremating cattle, reducing \$50,000 worth of Standard Oil property to ashes, threatening towns and hamlets, wiping out hundreds of miles of fencing and leaving square miles of acreage a blackened waste.

BAN ON SLATES AND SPONGES

Cleveland Health Officer Forbids Their Use in Public Schools.

Cleveland, Oct. 8.—The use of slates and sponges in the primary grades of the public schools has been forbidden by Health Officer Friedrich. "About two years ago I forbade the use of sponges," said he, "but I learn from the district physicians that they are again used. The slate, too, is a nuisance, and it is only because of the extreme conservatism of the school board that it has not been done away with long ago."

FELL THIRTY FEET WITH BRICK WALL

And Frank Hamilton May Recover Entirely.

Building Collapses on Broadway While Contractor Is Tearing Away the Walls.

ALIGHTED ON TOP OF HEAP.

Riding a stack of bricks and mortar a foot thick and thirty feet high, from the top of the building at 116 Broadway which is being dismantled, to sidewalk below, Frank Hamilton colored, came out of a serious accident this morning stunned and bruised but with his bones intact.

Hamilton is a hod carrier employed by George Katterjohn, the contractor, who is dismantling the structure, a two story brick, for the owner, E. C. Clark. It is to be replaced by a new building.

Hamilton was on top of the front wall adjusting a rope, when it gave way. He did not have time to grasp the joist, but came tumbling down with the mass of brick-bats and mortar, and he passed through the first floor in his descent. This deterred him slightly and gave the bricks a handicap in the race for the bottom. He did not overtake the wall until it had stopped on the pavement.

Patrolmen Terrell and Brennan were on hand and took charge of the injured man. Dr. Horace T. Rivers responded to a hurry call, and after administering to the man's immediate wants, sent him home.

The corner of the building on the alley left standing is cracked and dangerous and will be torn down.

Hamilton, who lives at Fourteenth and Clay streets, belongs to Hod Carriers' Union, No. 2.

TO WOMEN

OF CONFEDERACY STATE MONUMENTS WILL BE ERECTED.

Bronze Replica of Same Model to Be Used in All States—Plan Is Maturing.

Norfolk, Va., Oct. 8.—The form of the Memorial to the Women of the Confederacy has been decided on, and each state of the Confederacy, under the plan adopted, will have a monument of the highest artistic design to mark its appreciation of these glorious women.

The plan is to secure from the very best artists a model or design showing in the most emblematic and highly artistic form what these women did and suffered, portraying it in single statue or group of statues in bronze.

The committee will buy the model and from it will have cast in bronze enough replicas so that at least one can be placed in each of the Confederate states.

CHARIVARI HAS FATAL ENDING

Doctor Who Seeks to Quiet Crowd Shot at Crivitz, Wis.

Martinet, Wis., 8.—Dr. Henry F. Conover, of Crivitz, was shot and killed last night while trying to quiet a charivari at the home of Mr. and Mrs. Fred Bennett. The couple had just been married, and a crowd of men and boys gathered to celebrate the event in provincial style. Dr. Conover heard the noise and went over to try and suppress the crowd. As he entered the door a gun was discharged and he fell to the ground. The gun was held by Richard Hamilton, a saloon-keeper, who claimed it was discharged by accident. Conover died in his arms. Hamilton was arrested and will be held until after the inquest.

BANK WRECKER FOUND GUILTY

Newark, Ohio, Man on Second Trial Is Convicted of Forgery.

Newark, O., Oct. 8.—Cashier Linfelter, who wrecked the Newark Savings bank two years ago, was found guilty of forgery today after the jury had been out eighteen hours. He was sentenced to the penitentiary a year ago, but secured a new trial with the above result.

REED SMOOT DEFENDS STAND.

Says He Is Not Ashamed of His Religion or His State.

Salt Lake City, Utah, Oct. 8.—Senator Reed Smoot at the semi-annual conference of the Mormon church today declared in an address that he was neither ashamed of his religion nor his state, and that while he believed his first obligation was to God he still affirmed that that duty could not conflict with his duty to his country.

CHINA TO ELEVATE DIPLOMATS.

Will Advance Important Legations to Rank of Embassies.

Marseilles, Oct. 8.—Mail advices from Indo-China reiterate the report that China has decided to raise her legations at the capitals of the great powers to the rank of embassies, and say that the Chinese government is preparing to send a deputation of princes and mandarins to visit several foreign countries.

PARK BONDS

BEFORE ALDERMEN ON FINAL READING TONIGHT.

Water and Light Committee Will Report Proposition of Water Company.

Final passage on the ordinance submitting to the voters of Paducah the question of issuing \$100,000 park improvement bonds, is on the order of business before the board of aldermen tonight. The board will meet in adjourned session, having limited business Thursday night to that necessary so the members could attend the opening of the horse show.

Several petitions for concrete sidewalks, notably on Fountain avenue between Broadway and Jefferson street and on Eighth street between Washington and Norton streets come up from the lower board.

The joint water and light committee of the general council met today with Mayor Yeiser and the aldermanic committee will report to the upper board tonight a proposition agreed upon between the committee and the Paducah water company for a 20-year contract. This must be voted on by the people.

The terms are, for 411 fire plugs and as many more as may be added, \$20 each per annum for 10 years and \$15 thereafter. This will make a reduction of \$96,390 on the cost as compared with the existing rate.

TO MINORS

SALOON KEEPERS ARE SELLING LIQUOR SAYS JUDGE.

Three Proprietors Are Presented in the Police Court on That Charge.

Lee Hite, Barney and W. M. Padgett, saloonkeepers, were presented in the police court this morning on the charge of selling liquor to and permitting minors to enter their places of business. The former was charged with selling to Will Morris and Charles Thomas and the latter to with selling to Eddie Skillian. The cases were all continued. Mrs. Skillian was presented, being the prosecuting witness, and stated that she wanted to withdraw the case, but the court would not permit it.

"When warrants are sworn out in this court, they will be tried," Judge Puryear declared. "There has been too much of this selling minors liquor, and it has got to be stopped." The Padgett case will be tried Tuesday afternoon at 2 o'clock. The other case is left open indefinitely.

WILL NOT SPARE COST OF SUCCESS

Hon. Hubert Vreeland Writes To McCracken Farmers.

Southwestern Kentucky Institute to Be Best Event in State This Fall.

SOME OF TALENT SECURED

Preparations for the Southwestern Kentucky Farmers' institute are progressing, and the railroads have offered one fare plus 25 cents for the round trip from any point in Kentucky. Hundreds of farmers are expected here October 18-20.

Hon. Hubert Vreeland, state commissioner of agriculture, labor and statistics, Frankfort, Ky., writes the McCracken County Farmers Institute as follows, under date of October 6:

"I have been working hard to make your special institute meeting a great success, and the most important of any meeting ever held in Kentucky. This I mean to do, cost what it will in both money and hard work."

"I have received a favorable response from Prof. F. D. Coburn, secretary of the state board of agriculture, of the state of Kansas, who will be with us and address the farmers on several important subjects, including alfalfa. There is no better expert in the United States than Prof. Coburn. His experience, like every expert I will bring to Paducah, is practical experience, and not taken from books."

"We will have Prof. D. I. Christie, of Purdue University, a noted corn specialist, and we hope also to have Prof. P. H. Holden, vice dean of the Ames Experimental Station, Ames, Iowa, on corn and corn products; Prof. M. A. Scovel on feeding stock, beef cattle, dairy cattle, or some other important subject. I also expect to have some of the ablest men from the United States departments."

"You may be assured that neither time nor money will be spared to make the McCracken county special institute what it should be, one of vast interest to the farmers and free of cost."

"Yours very truly,
"HUBERT VREELAND, Commissioner."

JIMINEZ ATTACKS MONTE CRISTI

Rebels Raid Haytien Consulate and Take Valuable Papers.

Cape Haytien, Oct. 8.—General Jean Jimenez, a nephew of ex-President Jimenez, last night attacked Monte Cristi. He took advantage of the panic that resulted to enter the Haytien consulate and secured important archives and documents, but was forced to fly before superior government forces. During the skirmishes the insurgent general, Rodriguez, was captured by the government troops and imprisoned. The rebels are furious at the authorization accorded the dominican government by Hayti to debark troops on Haytien territory and in retaliation have killed many Haytiens on the frontier. Haytien cruiser Nord Alexis has arrived here to take the governor of the city on a tour of investigation. The situation is serious.

The young man was struck with the poem, which he read in a Dayton, Ohio, publication. He wrote the author and a correspondence ensued. A few days ago young Sprowl went to Tiffin and was quietly married by Rev. Mr. Kersey. Today he surprised his relatives by appearing with his bride. Mr. and Mrs. Sprowl had never met until the day before the wedding. The groom is a writer and says his fondness for poetry is on the increase.

GOOD PLATFORM IS RECORD MADE

Councilmen, Aldermen and
School Trustees.

Will Be Endorsed by Renomination
at Hands of the Republican
Convention.

DEMOCRATS ARE INTERESTED.

Next Thursday the Republican city
convention will be held in the coun-
cil chamber at the city hall.

Indications are that the attendance
will be large, while a great contin-
gent of the Democratic party is watch-
ing the result to learn who will be
nominated for city judge. The rest
of the ticket affords little opportunity
for speculation, because members of
the general council and school trust-
ees will receive the endorsement of a
second term, if they desire it or
are willing to make the race.

The record of this general council
without exception has been the most
progressive, free from suggestion of
extravagance or corruption, and the
most intelligent in the history of the
city. A review of its work, and a
glance at the municipal improvements
going on, indicate the kind of plat-
form the Republican councilmanic
ticket will have to run on.

Never has Paducah looked as well
as she does now. More comments on
her appearance, all due to the im-
proved streets, and sidewalks, the re-
moval of fences and the example set
property owners by the city, have
been heard recently than ever before.

President McBroom, of the First
ward, and Councilmen Oehlschlaeger,
of the Second ward; Kolb, of the
Third ward; Katterjohn, of the
Fourth ward; Hill, of the Fifth ward,
and Barnett, of the Sixth ward will
have no opposition if they will ac-
cept renominations.

In the Fourth ward, where Coun-
cilman Dipple resigned, F. S. John-
ston probably will be nominated as
running mate with Councilman Kat-
terjohn. Mr. Johnston is a member
of the Johnston-Denker Coal Co.

The same may be said of President
O. B. Starks, of the board of alder-
men, and Aldermen E. E. Bell, John
Farley and W. T. Miller.

There seems to be no question that
the party will accord unanimous re-
nomination to President Williamson,
of the school board, and trustees H.
Gallman, of the First ward; W. H.
Pitcher, of the Third ward; P. Beck-
enbach, of the Fourth ward; L. Pet-
ter, of the Fifth ward, and Dr. J. S.
Troutman, of the Sixth ward.

HAD BRIDLE

And This Got Stick and Basket Man
in Trouble.

Alexander Montgomery, a "stick
and basket" man, was arrested this
morning by Patrolmen Thad Terrell
and James Brennan with a well filled
basket of junk he had picked up.
The principal part of the junk was
above suspicion, but when Mont-
gomery displayed a bridle, he was
promptly "nabbed." Coming down
Broadway with a basket filled with
whisky bottles of all sizes and
shapes, and spoons with other ar-
ticles, Montgomery presented an un-
usual spectacle. The bridle was
thrown across his shoulder and when
he saw the policemen he tried to
evade them. At the police station he
claimed he was simply "picking
things up." He used a stick to poke
about in refuse piles and secured the
bridle back of the city hall in the tin
house used to store city harness. He
is charged with petit larceny.

dates for the various city offices to be
voted for at the November election.

The convention will be called to or-
der at 2 o'clock p. m. and the viva-
voce manner of voting will prevail.

erhood of St. Andrews, the great

selected by the local brotherhood,
but Dr. R. A. Hicks will attend.

LARGE GRAY WOLF WILL BE HUNTED

Kills Dog and Steals Meat
From Negro's Hand.

J. B. Gardner Has Sent for Pack of
Wolf Hounds From Graves
County.

HAS CREATED A COMMOTION

Lewis Tisdale, colored, has his right hand badly split, J. L. Gardner suffers the loss of a fine dog and residents on the Mayfield road just outside the city limits are wrought up over the appearance of a large gray wolf. The wolf first made his appearance in the O'Bryan addition but transferred his field of operation to the Mayfield road and has been shot at once by Arthur Knowles who resides a few miles out on the Mayfield road.

Saturday night Lewis Tisdale, colored, was carrying a large piece of meat home. The meat was scented by the wolf and before Lewis was aware the wolf had attacked him, seized the meat and split the negro's hand from the wrist to the tip of the fingers.

J. L. Gardner heard a commotion in his yard and on investigation found the wolf had torn his dog's head from his body.

J. B. Gardner is determined to kill the wolf. The county pays a reward of \$5 for killing a wolf. Mr. Gardner has ordered a pack of hounds from Graves county.

ORDER OF OWLS

ORGANIZED IN PADUCAH WITH
THIRTY MEMBERS.

Officers Elected and Lodge Starts Out
Auspiciously—Motto of the
Society.

A lodge of the Order of Owls, a secret society of good fellows who believe in love, laughter and the Kingdom of Heaven on earth; in not postponing one's enjoyment until death, and teaching good cheer, was organized in Paducah yesterday by H. W. Mitchell, who is now making his headquarters in Cairo, Ill. Thirty candidates were initiated. Several candidates who had signified their intention to join were absent.

The Owls is an order which has spread of late far west.

The Motto.

"There's so much bad in the best
of us
And so much good in the worst of
us.

It hardly behooves any of us
To speak ill of the rest of us."

The election of officers resulted as follows: E. F. Nieman, president; Louis Clark, past president; L. B. Ragan, secretary; Harry S. Allen, invictor; A. L. Redman, vice president; Charles Ellis, treasurer; T. G. Park, sentry; Will Hubbard, picket; M. D. Campbell, warden.

The organization was effected in the Knights of Pythias hall, and this lodge room probably will be secured permanently, the meetings to be held on Friday night.

DISCARDED

COAT AND TOBACCO DID NEGRO
WHEN POLICE CAME.

Patrolmen on Broadway Beat Had
Long Chase at Early Hour
This Morning.

Patrolmen Thad Terrell and James Brennan of the Broadway beat, pulled off a sprinting stunt with a negro from Second and Jefferson streets this morning between 2 and 3 o'clock, but the black beat in the race.

The patrolmen were coming down Jefferson street. The light played on their brass buttons and a shadow was stilled for an instant. The sharp eyes of the patrolmen made out the form of a negro with a large bundle of tobacco, about which he had wrapped his coat. They started for him and the negro began to run.

Discarding the tobacco and coat the negro "hit it out" in earnest. The policemen pursued, and after a chase of several squares were outstripped. The coat and tobacco were taken to the city hall.

toast.

Daily Thought.

"Find out what you are fitted for
in life, and get into that and keep
going forward every day."

A "GOOD" PARTISAN.

The Kentucky State Journal is a
good Democratic paper, speaking
from the standpoint of party fealty.
For instance it says:

A good many of the New
York papers, mainly through
jealousy of his newspaper success,
it looks like, are renouncing
Hearst and throwing their
support to Hughes, the Republican
nominee. * * * Any sort of a
Democrat is better than the
best Republican.

Then it goes on:

The country needs the Democratic
party; Republicans even
confess the need of it; it needs
a party of individualism, of local
self-government, of low
taxes on imports.

We would have the low taxes on
imports, all right, tobacco and everything,
bringing the cheap foreign
labor into direct competition with
American skilled labor right in our
own market.

But hark:

The Democratic party will
never get into power unless it
presents a united front and
marches in solid phalanx
against the common enemy.

We're not so certain about that
solid phalanx for the "common
enemy," but we do know there are
a lot of Democrats in Kentucky just
waiting to get a solid grip with their
balances on each other's throats.

It is a common, if thoughtless,
impression of the man or woman
wearing an unusual number of
precious stones, that diamonds are
good investment, because they never
depreciate in value. From this
observation they apparently deduce the
conclusion that they can always sell
their stones for what they paid for
them, provided they were not cheated
in the first place. A few days ago
a gentleman in this city experienced
an example of the fallacy of this reasoning.
He presented to a jeweler a
stone, which the dealer told him was
worth \$200 when it was sold. It is
worth that much now, the jeweler
told him, because the cutting is
of date, and to cut it according
to the prevailing style would reduce
its size, and consequently the value
of the stone. A diamond like any
other is a good investment. It
can be sold for more than you
paid for it, but common sense will
show you that dealers can not make
any purchasing your diamonds at
their market value and selling them
at the same price.

The Cairo Bulletin realizes what
immigration means, and it says:
It is to be regretted that Cairo
was not better represented at

the immigration convention for
western Kentucky, held at Paducah
last week. The movement is
certainly one in which Cairo
has material interest and should
engage the active concern of
citizens who look to the future
prosperity of this section of the
country in which Cairo forms
so important a center.

An angry Sioux City lawyer in the
bitterness of a tirade in court the
other day argued to the judge that
a certain society reporter "should be
sent to hell" for contempt of court.
Imagine the tremor of horror that
must creep over some people at the
suggestion of meeting a society reporter
in that out of the way place.

The toadstool and football seasons
already are upon us and the family
breakfast table and college gridiron
are reaping their annual harvest of
death.

The bloody Vanderbilt cup goes to
France. May they race for it over
there next time.

It's remarkable how crooked a
straight party organ sometimes becomes.

A CARD TO THE PUBLIC.

The commercial club of Paducah
extends congratulations and thanks to the citizens and
business men of western Kentucky,
Cairo and Metropolis for the
enthusiastic manner in which they
assisted in our efforts to
organize an immigration association.

We wish to thank the
business men of Paducah for the
splendid manner in which they
responded, and we would say to the
citizens of the Purchase, our
sister cities and Paducah, that,
if every citizen in this part of
the country will become an enthusiastic
co-worker with us in this movement
and assist the organization that has been
formed, in a reasonable way, great
and lasting benefits will be assured.

The citizens and business men
of western Kentucky and southern
Illinois representing the
brain, energy and capital of this
section, should at this time stand
as one in making this great effort,
which will insure greater
and better prosperity to us all.

Yours very truly,
PADUCAH COM. CLUB.

By order of the board of directors,
Joseph L. Friedman,
Pres., D. W. Coons, Sec'y.

TOOK SPECTACLES

From Kind People Who Gave Him
Night's Lodging.

Alex Overstreet, colored, residing
in the country between the Hinkle-
ville and Cairo roads, applied at police
headquarters this afternoon for a
warrant for the arrest of John
Stewart, colored, 14 years old. Over-
street stated that the boy came to
his house Saturday night and asked
to be given a position as house boy
as he had no people and no place to
stay. He was given a bed and the
next morning was told to make a
fire. While Overstreet and his wife
were milking the cows the boy disappeared
and with him the \$3 spectacles
of Overstreet's wife. No warrant
was issued at police headquarters,
the boy being under age. Overstreet
was referred to the juvenile court.

ANOTHER COACH

Will Be Added to Shoppers' Train
on N. C. St. L.

Travel on the merchants' special
passenger train over the N. C. & St. L.
to Paris at 5 o'clock in the afternoon
has increased sufficiently to show
that it answered a need. Another
coach will be added in the near future
to accommodate the traffic. Shoppers
can arrive in the city from any point
down the road at 1 o'clock and have
time till 5 o'clock to spend in the city.
A change in schedule of some of the
freight trains will be of interest to
shippers in the city. Freight consigned
to Louisville and Nashville points over
the N. C. & St. L. is now carried to
McKenzie instead of to Paris, as formerly.
This has made the freight time card
shorter.

ACTOR IS SUBDUED BY CRITICS.

London Manager and Star Finds Ideas
Not Acceptable to Press.

London, Oct. 8.—Arthur Boucher,
lessee, manager and star of the Gar-
rick theater, has bowed to the London
critics. When he opened with "Morals
of Marcus" he announced that no tickets
would be issued to the critics for his
first performance there after at his
theater. Criticism was not due, he
believed, until a play had been given
a chance. At the end of the first week,
when he invited criticism of his production,
only one critic noticed it. "In justice
to the author and actors playing in
'Morals and Marcus' I would ask you
in your courtesy to allow criticism of
this play to appear in your columns,"
is the way the actor-manager concludes
a letter expressing regret if he has
caused the press to take offense.

Green Hotel Burns.

Farmers, Ky., Oct. 8.—The Green
hotel was totally destroyed by fire
this morning together with the furniture
and a stock of groceries. Carter's
drug store also was consumed. Guests
of the hotel escaped.

St. Louis	9.2	2.3	fall
Mt. Vernon	11.3	0.2	fall
Paducah	20.7	0.7	fall

The river will rise higher before
it begins to fall, but it is probable
that the next few days will see a
turn in the tide. The gauge showed
a stage this morning of 20.7, a rise
of 1.4 in the last 48 hours.

Arrivals were plentiful at the
wharf since Saturday. Business was
fair and no rain.

The Bernice came out of the Cum-
berland river yesterday at noon with
a tow of ties.

The ways once again is bare, the
Speed having gotten off Saturday af-
ternoon and the Harvester today.

Barges will be pulled out for slight
repairs and later on other boats. The
Harvester has been on the ways
since the last part of August. It is
a powerful towboat, and the principal
item of repair, was the construction
of new cylinder pieces on which the
wheel rests.

The Saltville will leave St. Louis
this evening for the round trip to the
Tennessee river as far as Water-
loo, Ala., and will arrive here Wed-
nesday morning.

The Buttorff came out of the Cum-
berland river from Nashville
Sunday evening and left today for
Clarksville.

The Dick Fowler carried some of
the horse show entries back to their
homes in Cairo and Charleston, Mo.,
this morning. The Buttorff also left
this morning. The Buttorff also had
a few for Clarksville.

The Henry Harley arrived last
night from Evansville and left this
morning on time at 11 o'clock for the
same point.

The Clyde will arrive from the
Tennessee river tonight and wait
over till Wednesday evening when
it starts on the return trip.

Capt. James Koger has gone to
Hickman and Memphis.

The Russell Lord left today for
the Tennessee river after ties. The
Russell Lord will have a longer tow
now than formerly. The ties will be
rehandled at St. Louis instead of
Brookport as before.

The E. Douglas got in from the
Tennessee river yesterday with a
tow of ties.

Many of the boats have been wait-
ing all summer for low water to
come so they could get repairs, but
as low water hasn't come, some will
wait till next year.

The Royal will be finished at the
dry docks today and will get into the
river this afternoon. The Royal has
been put in first-class condition both
in the hull and the decks. No boat
has been in the Golconda trade since
it has been docked.

SMALL CASE.

Seventy-Five Dollars Liabilities and
Insurance Policy.

Henry B. Winters, of Aurora,
Marshall county, bears the distinction
of filing the smallest or one of the
smallest bankrupt petitions in this
district. This afternoon he filed a
petition giving liabilities to the amount
of \$75, which is a judgment in
favor of the firm of Hendrick &
Miller, attorneys of this city. His
only asset is a life insurance policy
of \$1,300 payable to his mother and
with no case surrender value. These
were the only two amounts given in
the petition.

SOLEMN FUNCTION.

Supreme Court Convenes Formally at
Noon Today.

Washington, Oct. 8.—With only
eight members on the bench, owing
to the resignation of Justice Brown
last spring, the supreme court of the
United States opened the October
term at noon. The meeting was
brief and formal. Court adjourned
a few minutes after 12 in order to
pay their respects to the president,
according to custom. They were re-
ceived by the president with due
solemnity.

NO STATEMENT

Given Out by Driving Association
About Horse Show.

This afternoon promoters of the
second annual horse show stated that
nothing definite had been learned of
the financial results of the horse
show, but from indications it will be
an even break. The bad weather
prevented the driving association
from clearing a large sum on the
show.

PRESBYTERY WILL MEET TOMORROW

Two Delegates Going to Hen-
dersen From Paducah.

Brotherhood of St. Andrews Con-
venes at Memphis Oct. 18—
The Gideons.

PASTOR AT MECHANICSBURG

Henderson will entertain the Pres-
byterian Synod of Kentucky begin-
ning tomorrow night, and the Rev.
W. E. Cave pastor of the First Pres-
byterian church, and Elder J. M.
Brunson will represent the Paducah
congregation. Yesterday W. C.
Clark, of Louisville, synodical evan-
gelical secretary, preached twice at
the church and raised a fund of \$125
for the work.

Makes Good Impression.

The Rev. Mr. Perryman who was
appointed pastor of the Mechanics-
burg M. E. church at the recent ses-
sion of Northern Methodist Kentuck-
y conference, held his first service
at this church yesterday and made a
favorable impression on his people.
He comes to the church highly recom-
mended as an earnest preacher
and good worker. He will reside in
this city on Farley street and will
move his family here soon.

High Mass Celebrated.

High mass was celebrated yester-
day morning at the St. Francis de
Sales Catholic church, Broadway and
Sixth streets, for the first time in
two months. The organ has been
covered over during the decoration
of the interior, and yesterday the
music service was resumed. Vespers
were also held at 3:30 in the after-
noon. The handsome interior of the
church is almost complete.

Sang the Offertory.

Miss Emma Knauss, of Evansville,
who is visiting her uncle, Mr. H. C.
Rhodes and family on West Jeff-
erson street, sang the morning and
evening offertories at the Broadway Meth-
odist church yesterday. Miss Knauss
has an expressive and cultivated
voice and delighted the large congre-
gation at both services.

The Gideons.

The Gideons held an interesting
service at the First Baptist church
yesterday afternoon. The Field Sec-
retary Lee Wilson was in charge of
the meeting and a representative
crowd of traveling men was present.
Invitations were extended to all the
churches and their pastors to at-
tend, and these were represented.

Union Meeting.

A union meeting of the Epworth
Leagues, Christian Endeavors and
Young Peoples' Society of the local
churches was held last evening at
the First Christian church before the
church hour. An interesting program
was rendered by representatives
from the various societies.

Bishop John J. Tigert, of the M. E.
church, South, will have his resi-
dence in Louisville, his native home.
This will be the first resident bishop
of this church Kentucky has had for
a number of years. Bishop Tigert
has preached in Paducah but not
since his election to the episcopacy.

Mad Motorman.

New York, Oct. 8.—A streetcar
filled with terrified passengers dash-
ed across New York today at full
speed, while the motorman, Lee
Schwartz, suddenly bereft of his
reason, stood on the forward plat-
form flourishing a heavy controller
bar, and threatening to brain any-
one who approached him. He was fi-
nally subdued, and the car brought
to a stop after a desperate struggle
with half a dozen policemen and
street railway employees, during
which several passengers jumped
from the swiftly moving car and
sustained bruises. One of the men
who fought the man motorman was
severely injured.

The production of "A Race for a
Widow" is at The Kentucky tonight.
This play is said to be a capital one
having met with success. From all
reports it seems to have the ingredi-
ents necessary to success, plenty of
fun, a dash of society, a bit of love,
a hint of pathos, lots of movement
and some good specialties, and pre-
sented by an excellent company of
players selected because each was
specially adapted to his or her par-
ticular character.

Texas Ranger.

There is only one "A Texas Ran-
ger" company on the road this ses-
son, and it is coming on Tuesday ev-
ening. It is expected that an
unusually large house will greet the
company on its appearance at The
Kentucky. Seats are on sale in ad-
vance.

House of Mystery.

It is safe to say that there will be
few empty seats at the Kentucky for
Wednesday night during the engage-
ment of Langdon McCormick's new
and novel comedy drama "The
House of Mystery." The play, it is
said, is one of the very best of its
class, while the Mittenhals Brothers
Amusement company has selected a
cast above the average, to a
terpreter this play founded upon lines,
situations and scenes, best calculated
to suit the peculiar ideas and
tastes of the theater-going public.
"The House of Mystery" meets with
instant favor.

Landing Day.

The local order of the Knights of
Columbus will give an entertainment
at The Kentucky Friday night. The
Rev. Father Nagle, who lectured
here at the Chautauqua, will give a
lecture on Columbus, and a musical
program will also be one of the fea-
tures. The exercises are commemora-
tive of the 414 anniversary of the
landing of Columbus. During the ev-
ening the following vocal selections
will be rendered:

The selections will be:

Solo, "Carissima," Miss Anna
Bradshaw.

Solo, "Habenera," from Carmen,
Miss Mamie Dreyfuss.

Solo, "Goodnight, Beloved, Good
night," Evert Thompson.

Quartet, Patriotic Airs, Messrs.
Harry Collins, first tenor; Slavia
Mall, second tenor; Will Green, first
bass; Ed Scott, second bass.

Mr. and Mrs. David Koonce and
Miss Susie Palmer, of Paducah, were
guests yesterday of Mr. and Mrs.

How the Blood Flow Affects Health.

Few people appreciate the neces-
sity of keeping the blood in every way
in good condition if they would have
good health.

There are two factors in disease,
which, by an endless variety of changes
and combinations define every
departure from normal conditions.
These are the BLOOD and the
NERVES. They sustain life, and
END IT.

The blood must maintain a steady,
swift and equal flow or bad conse-
quences follow. Every organ and
tissue must get its right share of blood,
no more, no less. Stop it and the sys-
tem is soon poisoned with accumu-
lated body sewage

RAILROAD NOTES

The Illinois Central road lost money on the excursion run from St. Louis to Paducah via Brookport yesterday, there being less than 200 excursionists to make the trip. The train consisted of six coaches and one baggage car and when it pulled into Eleventh street at 8 o'clock Sunday morning about 175 got off. The crowd was so small that few knew an excursion was in the city. It left at 5:15 o'clock. Both white and colored people patronized it.

This morning at 4:40 an excursion train, bearing excursionists from Louisville to Memphis passed Paducah running as the second section of the fast passenger train, No. 103.

This morning caboose carpenters at the Illinois Central began work on a new order for cabooses. The road is short in cabooses and ordered two more built at once. This makes nearly thirty cabooses the shops have turned out in a year.

Marriage a Lottery.

Marriage is a real lottery at Smolensk, Russia. Four times a year a lottery is held, the capital prize being a young country girl sometimes with a good dowry in sheep. The price of a ticket is about 55 cents. At a single drawing 5,000 tickets are sold. He who is fortunate enough to draw the lucky ticket has his alternative—he may marry the girl if she pleases him, also gaining thereby \$4,000, in addition to whatever the girl brings with her as dowry, or if the "prize" in question does not please him he can turn the ticket over to a friend.

Col. Ike's Democracy.

Col. "Ike" Hill, who died in Washington a few days ago after serving many years in service of the house of representatives used to pride himself on being a strong party man. "I and no summer Democrat," was the declaration, "no sunshine office-holder, no ephemera of politics, but business—plain, unadorned Democratic business all the year round. Business with the bark on is what I want." During a heated campaign he was outlining what his party expected to do. "While we hope for all these things," he said, "we are also ready for the worst. Every Democrat should always be ready for the worst, and a man who cannot be ready for the worst cannot be a Democrat."

COOPER RAPIDLY MAKING FORTUNE

His Success in St. Louis Has
Been Phenomenal.

Internal Parasites Are Undoubtedly
Responsible for Much Ill
Health.

STATEMENTS NOW VERIFIED.

St. Louis, Mo., Oct. 7.—The remarkable results that are being accomplished in St. Louis by L. T. Cooper have become a topic of universal interest during the past week.

Reports that preceded his visits to this city told of Mr. Cooper's great success in the east. But the man and his medicine did not attract widespread attention until the beginning of his second week here. Then, the interest in him became very noticeable and has steadily gathered headway until his preparations are now being sold in enormous quantities and his headquarters is a most interesting place in which to spend a half hour.

People are coming from all parts of the city to see him. The young man and his assistants are surrounded by swarms of humanity from early until late—some to tell what has been accomplished for them by the Cooper medicines; others to buy the remedies.

Perhaps nothing has done more to arouse this interest than Mr. Cooper's statement concerning internal parasites, or tapeworms, as they are commonly called. At the commencement of his visit to this city, he claimed that these creatures were responsible for much of the ill health of this generation; he claimed that a large percentage of all chronic stomach trouble was caused by them; he stated that his "New Discovery" medicine would prove this theory to be correct as it would remove hundreds of these tapeworms before he left the city.

These statements seem to have been completely verified. During the past two weeks hundreds of people who have been taking the Cooper preparation for some form of stomach trouble have been relieved of one of these parasites. In consequence, Cooper and his theories have been growing into greater prominence each day.

Mr. Cooper's statement that a general lassitude was the surest indication of this trouble seems to be correct. Statements by people who have had this experience seem to be very much alike. All saying that a feeling of extreme weariness and a lack of energy which they attributed to stomach trouble, had afflicted them.

A statement of this character, which is almost identical with all those given by people who have had the same experience is as follows:

Mrs. B. Prengel, living at 4040 St. Ferdinand street, who was relieved of one of these parasites by the Cooper preparation, when seen by a reporter, said:

"I have been in poor health for six years. I was in a general run-down condition; I attributed this to stomach trouble, as I had a very irregular appetite, and would have a bloating sensation after meals. My chief trouble was that I felt tired all the time. Even in the morning after a night's sleep, I would wake up

feeling no more refreshed than when I went to bed. I had dizzy spells and would see spots before my eyes, and the least exertion would tire me. It was an effort to attend to my duties and even my mind seemed dull and sluggish."

"My eyesight has been getting poorer lately, and I noticed that my memory was not as good as it used to be. If I stood for any length of time I would have a dull pain in the lower part of my back and if I ascended the stairs quickly my heart beat very rapidly."

"I tried every sort of preparation, hoping to throw off this dull feeling. I heard so much about this man Cooper, that I decided to try his preparation. I bought two bottles of New Discovery. I took only a few doses of the preparation and a tapeworm left my system. It was about fifty feet in length, as near as I could judge. Now I know what has been the matter with me all these years and I am sure I will be all right again."

The success of these new preparations in St. Louis is confined largely to cases of stomach trouble but the medicine seems to be remarkably successful in cases of rheumatism. Mr. Cooper ascribes this to the fact that stomach trouble is indirectly responsible for many diseases, rheumatism being among them.

His Money.

CARRIED TO THE HOSPITAL

Another mysterious assault occurred last night at 1 o'clock, on First street at the rear of the Richmond hotel, when J. H. Ward, an old man was hit on the head by two men, who took what money he had and fled.

He staggered into the Richmond hotel through the back entrance and Col. Bud Dale summoned the police. He was carried to Riverside hospital in the patrol wagon. There was one ugly gash in the back of his head, made by some blunt instrument. He thought his assailants were white men. They secured \$1.50, all he possessed.

Ward had started across First street to the ice factory to get a drink of water when two men sprang out of the darkness and hit him one blow which caused him to fall to the pavement over the curb. They hurriedly searched his pockets and ran down First street toward Broadway. Ward cried, "You have killed me," and they answered, "We hope we have, damn you!"

Col. Bud Dale heard the men running down the street but did not realize its significance until Ward staggered into the hotel with his head bleeding. Patrolman Thad Terrell was sent from police headquarters and ordered out the patrol wagon. Ward is 65 years old.

Copyright, 1894, by HARPER & BROTHERS

"Jack" she whispered, and that was all. It was very pretty done, and quite natural. He was a judge of such matters and appreciated the girl's simplicity of the action fully. He took the small gloved hand and pressed it lovingly. The thoroughness of his social training prevented any further display of affection.

"Think heaven!" he murmured. The music of the next dance was beginning, and, remembering their social obligations, they both rose. She laid her hand on his arm and for a moment his fingers pressed hers. He smiled down into her upturned eyes with love, but without passion. He

never for a second risked the "gentleman" and showed the "man." He was suggestive of a forest pool with a smiling, rippled surface. There might be depth, but nothing had yet reached beyond the surface.

"Jack," said Sir John as they passed on, "when you have been deprived of Miss Chyne's society, come and console yourself with a glass of sherry."

The dutiful son nodded a semi-indifferent acquiescence and disappeared.

"Wonderful thing, sherry," observed Sir John Meredith for his own edification.

He waited there until Jack returned, and then they set off in search of refreshment. The son seemed to know his whereabouts better than the father.

"This way," he said—"through the conservatory."

Sir John Meredith and his son stood in silence looking around them. Finally their eyes met.

"Are you in earnest with that girl?" asked Sir John abruptly.

"I am," replied Jack. He was smiling pleasantly.

"And you think there is a chance of her marrying you—unless, of course, something better turns up?"

"With all due modesty, I do."

Sir John's hand was at his mouth. He stood up his full six feet two and looked hard at his son, whose eyes were level with his own. They were dead representatives of their school.

"And what do you propose marrying upon? She, I understand, has about eight hundred a year. I respect you too much to suspect any foolish notions of love in a cottage."

CHAPTER III.
JACK had an appointment with Millicent Chyne at half past 11 the next morning—an hour when Lady Cantourne might reasonably be expected to be absent at the weekly meeting of a society.

Jack went into the first jeweler's shop he saw and bought a plain diamond ring. Then he walked on to keep his appointment with his affianced wife.

Miss Millicent Chyne was waiting for him with that mixture of maidenly feelings of which the discreet novelist only details a selection. When Jack Meredith entered the room she was standing near the window, holding back the curtain with one hand and watching, half shyly, for his advent.

What struck her at once was his gravity, and he must have seen the droop in her eyes, for he immediately assumed the pleasant, half reckless smile which the world of London society had learned to associate with his name. She saw the diamond ring and looked upon it with the beautiful emotions aroused by those small stones in the female breast, but she did not seem to recognize her own finger within the golden hoop.

It was at this moment—while she dwelt in this new, unreal world—that he elected to tell her of his difference with his father, and when one walks through a maze of unrealities nothing seems to come amiss or to cause surprise. He detailed the very words they had used, and to Millicent Chyne it did not sound like a real quarrel such as might affect two lives to their very end. It was not important; it did not come into her life, for at that moment she did not know what her life was.

"And so," said Jack Meredith, finishing his story, "we have begun badly—as badly as the most romantic might desire."

"But it will be all right in a day or two, will it not? It is not serious," she said.

"I am afraid it is serious, Millicent." He took her hand with a gravity which made matters worse.

"What is to be done, Jack?" she said, laying her two hands on his breast and looking up pleadingly.

"There are two things," he answered. "The first and the simplest, he went on in the tone of voice which he had never quite fathomed—half cynical, half amused—"is to pretend that last night—never was."

"We will not do that," she replied softly. "We will take the other alternative, whatever it is."

She glanced up half shyly beneath her lashes, and he felt that no difficulty could frighten him.

"The other is generally supposed to be very difficult," he said. "It means—waiting."

"Why?"

"Because I am dependent on my father for everything. We could not marry without his consent."

"But we can surely get that, between us?"

"I propose doing without it."

"Do you know what I should like you to be?" she said, with a bright smile and one of those sudden descents into shallowness which he appeared to like.

"What?"

"A politician."

PADUCAH IS FIRST TO PRACTICE PLAN

Immigration Convention Step in Right Direction.

Louisville Looks to West Kentucky to Accomplish Something for State.

VIEWS OF COURIER-JOURNAL

The Courier-Journal of Sunday has the following to say about the immigration convention.

The people of western Kentucky have inaugurated a movement leading to the promotion of immigration which in its practical features, commends itself to other parts of the state and is worthy of the attention of the state development convention, which will meet in Winchester on the 10th inst. In conjunction with the citizens of southern Illinois they had during the past week an immigration convention at Paducah and organized the Western Kentucky and Southern Illinois Association with a view to taking practical steps for the promotion of immigration. It was stated that a representative of local interests was now in Austria endeavoring to secure 200 families for McCracken county, and that he would take up the work for the new association. There were representatives from all the counties of the First district in each of which will be a local organization to collect data as to the number and kind of immigrants needed and report to the executive officers of the association at Paducah, as a guide to their agents proposed to be sent abroad. Farmers and those of other callings from the northwest will also be invited to settle in the district.

This is a step in the right direction. Our people may meet in conventions, pass resolutions and listen to dissertations or eloquent speeches on the general subject without realizing any practical results. What is needed is action based on practical business premises. If immigrants are needed ascertain who needs them, and for what purposes. If they are to come as a colony the land they are to occupy must be designated, the terms to occupants specifically arranged, and the means provided for bringing them or aiding them in coming. And so as to individual immigrants there must be a definite demand for them with the certainty that when they come they will find occupation and be properly provided for.

This was the means by which four colonies were settled in Laurel county Ky., about thirty years ago through the efforts of the immigration branch of the geological bureau by Prof. Procter, its director, in co-operation with the Swiss consul at Louisville. It was a successful undertaking as were several other similar efforts. But the most successful, as also the most practical, immigration movement, was that in which Louisville is chiefly indebted for the acquisition of the German element of its population. Prior to 1846 there were very few of that nationality here. Among them was one who afterward became a well known citizen and acquired a handsome fortune. His name was Frederick Wendenkemper. Mrs. Wm. Preston, the mother of Gen. William Preston, congressman and Confederate general owned a large tract of land comprising a large part of the eastern portion of the city, and extending beyond its limits. In order to procure occupants for it, she sent Wendenkemper as her agent to Germany with offers to sell lots or lease them cheaply for long terms to those who wished to live in town or in the country. The result was that he procured an eligible class of immigrants who bought or leased, with privilege of buying, what is now very valuable property at nominal prices. Many of those coming leased ground for market gardening and afterward buying it and some becoming quite wealthy. It was this step which led to the fact that Louisville is second to no other city in respect to the excellence of its markets for fruit and vegetables. Once started the stream of immigrants continued until in every department of business the German element of the city occupies a deservedly prominent place.

As yet, in all that has been written or spoken upon the subject of immigration, in late years, the Paducah convention is the first which has put the matter in a practical way. It is needless to waste time in treating it in the abstract. What is needed is that it be dealt with in the concrete. If immigration is needed let those who need it speak out and specifically formulate their needs as to the character of it, the inducements in wages or otherwise for its procurement, and then let the practical steps be taken for supplying the demand. And as to this, the Paducah meeting seems to have made an intelligent beginning well worth of imitation.

FULTON FORESAW VALUE OF RIVERS

Said They Would Give Quick, Cheap Communication.

Public Awakening to Realization That Rates Are Too High for Hauling Freight.

MISSOURI IS NOT NAVIGABLE

Washington, Oct. 8.—The speculation which has been rife here at the capital as to the probable action of the next congress in acceding to the demands of the great waterways movement of which so much has been heard of late, has developed the fact that the Missouri river is no longer on the map as a navigable stream. This condition, strange as it may seem, is none the less a fact. That this once great watercourse, part and parcel of the greatest waterway on the globe, should have been so neglected as to allow its channel to become impeded with alluvial deposits, is a striking example of the old saw, an ounce of prevention is worth a pound of cure. Had there been a constant realization on the part of the people of the immense value of this river if kept open to navigation, and the consequent application of an ounce of prevention in the shape of comparative, small but at the same time regular appropriations for its maintenance, it would not now be necessary to effect a cure through an immense expenditure of public moneys. Furthermore, it is pointed out by leaders in this waterways movement that had the Missouri been kept navigable through all these years it has been allowed to lie idle, the actual saving which would have resulted from its continued utilization would have paid for the necessary regular improvements many times over.

It is a curious coincidence that just about a century ago—to be exact, just ninety-nine years ago this week—the creature of Robert Fulton's handiwork, the steamer Clermont, made its initial trip up the Hudson river from New York to Albany, and not only the Hudson river, but the Missouri and every other river in the country, offered upon a new era. Though the boat the good ship could do by way of eating up the miles was something like five per—little faster than a walk—and that, too, with the current and tide in its favor, the people of that day considered themselves blessed with a means of transportation both speedy and cheap, and they were not far wrong, for the development of Fulton's invention has been rapid and evolutionary. The inventor, in writing to a friend shortly after the initial trip of his boat, expressed himself concerning his accomplishment in these words:

"Having employed much time and money and zeal in accomplishing this work, it gives me, as it will you, great pleasure to see it so fully answer my expectations. It will give quick and cheap conveyance to merchandise on the Mississippi, Missouri and other great rivers of our countrymen. And although the prospect of personal emoluments has been some inducement to me, yet I feel infinitely more pleasure in reflecting with you on the immediate advantage that my country will derive from the invention."

Recently, the citizens of these United States, prodded into wakeful and watchful activity by European victories in competing for foreign markets and by the slowly-dawning realization that they have been paying far too much to the railroads of the country in freight rates, have begun to "sit up and take notice." Consular advices from abroad have contained more and more mention of the ever increasing activities of the European nations in the improvement and utilization of every stream and harbor, actually or potentially navigable, and simultaneously with the resultant cheapening of their export rates, these countries have added new markets and extended their old ones in those countries which in point of location and past exploiting would seem rightfully to be markets for our own products. It has not taken very close observation of these facts to connect the two, and to show conclusively that they are cause and effect.

With an appreciation of this truth, American producers have not been slow in determining that the only way in which we can hope to stop these encroachments of foreign producers in markets which have heretofore been held by us, is by adopting their methods. To effect these ends, necessitating, as such an undertaking will, a vast and systematic outlay of capital and a comprehensive and national scheme pushed persistently to consummation, the National Rivers and Harbors congress

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of grip, pneumonia, diphtheria and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots, without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient, comes with this medicine. The Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents, and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The occurrence of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The collection of the names of the ingredients on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret either. This fact puts it in a class all by itself, bearing as it does upon every bottle wrapper the name of Dr. R. V. Pierce, in full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowels and all external affections no matter what parts of organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

was organized about a year ago. This body is composed of business men and commercial clubs all over the country, and has for its sole object the achievement of a regular annual appropriation by congress of at least \$50,000,000 for the general improvement of the waterways and harbors of the United States.

This movement has the hearty support of nearly every member of both houses of congress, irrespective of party, and there is no one but unhesitatingly admits that through the attainment of its purposes will come the only possible effective regulation of railroad rates, to say nothing of the tremendous impetus which it will give to the nation's prosperity.

TUMORS CONQUERED

SERIOUS OPERATIONS AVOIDED.

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so slow that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs. If you have mysterious pains, if there are indications of inflammation or discharge, secure a bottle of Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

A GREAT SUCCESS WAS HORSE SHOW

Closed Saturday Night in
Blaze of Glory.

Beautiful Musical Drill and Interest-
ing Events Presented in
Arena.

SOCIETY WAS OUT IN FORCE.

The second annual horse show held by the Paducah Driving association came to a close Saturday night with nearly 2,000 people to witness the closing events. Society was out in force and the last night of the show was made a memorable one.

The first event was won by Clarence Sherrill, first prize, \$15; Gus Thompson, second \$10, and Claude Russell, third, \$5. It was for the best roadster shown in runabout, mare or gelding.

The second event was the musical drill, the crowning feature of the spectacular part of the show. Dr. J. Victor Voris was in charge and it was one of the prettiest drills ever seen. Twenty-four young ladies and gentlemen participated, and Zack Bryant took first prize for the best gentlemen rider and Miss Henri Alcott took first prize for the best young lady rider. Mr. and Mrs. Henry Rudy took the prize for the best couple. Caps were the prizes.

The best pair of roadsters shown in runabout went to Gus Thompson, first, \$25; Wynu Tully, second, \$15, and E. A. Haley, third, \$10.

Mr. Boswell, of Mayfield, took first prize, \$25; E. A. Haley, second, \$10, and the Rev. W. W. Armstrong third, \$5, for the best registered five gaited stallion.

In the event for the light horse championship of west Kentucky, mare of gelding, Claude Russell took first money, \$60; Mr. Boswell, Mayfield, second, \$25; and Wheeler Campbell, third, \$15.

Wynu Tully took first money, \$60; Mr. Haley second, \$25, and Gus Thompson, third, \$15, for the champion pair of harness horses, stallions, mares or geldings.

Saturday Afternoon.

Saturday afternoon stock exhibits drew a large crowd, the weather being favorable. James M. Lang captured several trophies. They are for the best registered saddle mare and colt: Anna Lee was the mare and Lightfoot the colt. Lightfoot took prize for the best suckling colt. Rebel Dare took the prize for the best saddle stallion.

WATER NOTICE.

Patrons of the Water Company are reminded that their water rent expired September 30. Those who desire to renew them should do so before it is forgotten, as all premises not paid for on or before October 10, will be shut off.

The prompt payment of water rents will save vexation and cost to the consumer, and unpleasant duties and annoyance to the company.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Paducah Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Paducah testimony:

Mrs. Charles Williams, of 709 Terrell street, Paducah, says: "Despite the use of plasters and home remedies my back ached almost continually, and as my husband who is employed by the Singer Sewing Machine Co., on Third street, continually complained of his, we were both constantly on the lookout for some means to check or eradicate the cause. Reading one night about Doan's Kidney Pills induced me to get that remedy at Alvey & List's drug store. Two boxes thoroughly proved that the preparation acts up to the representations made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

This is the Way We Do It!

We are often asked how it is that we are able to sell gut violin strings, violin bows, clarinet reeds, guitar strings and all musical instrument trimmings at a lower price than is charged by other dealers.

Here is the How of It

There are no gut strings made in this country, and in order to secure fresh, reliable stock for our customers we import direct from Europe. In this way we cut out all middle profit and sell better goods for less money than other dealers. The Paducah postmaster says that we are the only dealer that imports through the custom house in this city. Catch on;—we are the only ones that can make prices.

A Festival of the Best Offerings in Overcoats for Every One \$10.00 to \$40.00

We have had very little overcoat weather yet, but the blasts of winter are not very far away.

We have had a host of callers this week, though, looking to see what the sea on and the New Store offers in overcoats—and every man found just what he wanted. That's the Colley policy—that you want at the price you want to pay.

We are showing all the popular styles in overcoats—the form-fitting, knee length, Louis XV, in grays and neat effects; the more conservative coat of similar style, the ever popular loose fitting, straight cut top coat in grays, tans, black and striped effects, and the Chesterfield coats, which will always be popular and proper. These coats come in all the fabrics man can want, or fashion dictate, and the range in price, and styles is so great we can satisfy any man's taste.

Then, too, we have the raincoats, the most popular garment the manufacturers have conceived. These coats embody all the style of our best coats, and possess the virtue of retaining them.

We are holding a festival of overcoats and raincoats this week and should like to show them to you. Come in, you won't be urged to buy.

Overcoats from \$10 to \$40.
